

Poultry Pal (Item # 783)

The Poultry Pal consists of two pieces made of metal with a non-stick coating for easy clean up. A flavor base and infusion tower that offers advantages over other beer can cooking methods. Filing the flavor base is as easy as opening a can or bottle of your preferred liquid and pouring it in. Poultry Pal has been designed to use the juices of the cooking bird mixed with the selected liquid to steam infuse flavor into the bird, unhealthy fats stay in the base. Use in smokers, gas and charcoal grills and conventional ovens.
